These individuals include persons on probation, supervised release, or parole who are under supervision of the United States Probation Office. This group could also include inmates in the United States Bureau of Prisons who are residing in federal or contract community treatment centers, as well as persons on Pretrial status under the supervision of the United States Pretrial Services.

A Request for Proposal (RFP) can be found at our agency's public website at <http://www.nhp.uscourts.gov> under the section titled "Treatment Services". Please download the corresponding proposal with solicitation **#0102-23-CA02**. If your agency does not have Internet access, please contact Drug and Alcohol Treatment Specialist Scott Christensen at the number listed below or at Scott_Christensen@nhp.uscourts.gov and you will be mailed a hard copy of the documents.

The RFP contains the full text of all applicable Government regulations, and all offerors are subject to the provisions contained in the RFP. In responding to the RFP, you should answer fully to each item and supply all information requested. Section "L" provides specific directions for potential vendors in completing their proposals. The minimum standards for the services listed are contained in the Clauses and Terms of the Agreement, and all proposals will be evaluated by the criterion laid out in Section "M".

Proposals will be awarded on the basis of initial offers submitted, and each initial offer should contain your organization's best terms from a cost and technical standpoint. There will be no additional opportunity to modify your proposal.

Please read the RFP carefully; do not rely on knowledge of previous RFPs or knowledge of previous federal procurement procedures.

The estimated monthly quantity listed in Section “B” of the RFP is the estimate of the services to be provided during the term of this agreement. It is only an estimate. Although the Government may choose to enter into a Blanket Purchase Agreement with multiple vendors, the Government reserves the right to award to a single vendor.

The term for this Blanket Purchase Agreement is twelve (12) months, with a provision that shall allow the Government to unilaterally extend the agreement for an additional two (2) years, at two (2) twelve (12) month intervals, at the Government’s discretion.

A vendor must be capable of providing all services identified in Section “B” and within the geographic area identified in Section “B”.

For all proposals, an original and one (1) copy must be received no later than

U.S. Probation Office
Attn: Scott Christensen, U.S. Probation Officer

SCA SERVICES BPA – Solicitation

A. BACKGROUND

On April 9, 2008, the Second Chance Act (SCA) of 2007, Pub. L. No. 110-199, was enacted. Section 253 of the Act amended 18 U.S.C. § 3672 to authorize the Director of the Administrative Office of the U.S. Courts (AO) to contract for “treatment, equipment and emergency housing, corrective and preventative guidance and training, and other rehabilitative services designed to protect the public and promote the successful reentry of the offender into the community.” In October of 2008, the Judicial Administration and Technical Amendments Act of 2008, Pub. L. No. 110-406 (October 13, 2008) (JATAA), significantly enhanced courts’ ability to provide interventions for defendants and offenders under 18 U.S.C. 3672 and 3154(4). This expanded the authority for a wide array of interventions with which probation and pretrial services officers might mitigate specific risks and responsivity factors related to their caseloads.

The statute authorizes “providing necessary services to offenders ... in a manner that does not confer luxuries or privileges upon such offenders” (42 U.S.C. § 17501(a)(4)). Additionally, the Act shall not “be construed as creating a right or entitlement to assistance or services for any individual, program, or grant recipient” (42 U.S.C. § 17504). Congress intended the new authority to be exercised judiciously. Courts must be careful stewards of resources used under this authority.

This BPA is in effect for the period from October 1, 2022 through September 30, 2023, with an option to extend the life of the agreement for two additional years. Pricing applicable to work performed during each twelve-month period shall be as shown below.

C. STATEMENT OF WORK

4.11 Project Code 3122 - Cognitive Behavioral Treatment (CBT) - Unit: per 30 minute session

Local Need: The vendor must use the Moral Reconciliation Therapy program.

(a) Project Code Description

The goal of this intervention is to change the way offenders think, hence changing the way they behave. More specifically, CBT restructures an offender/defendant's thought patterns while simultaneously teaching pro-social skills. This type of intervention is effective in addressing criminogenic needs such as anti-social values and low self-control. This project code may also be used for the purchase of CBT manuals/training materials. It should NOT be used to conduct training to become a CBT facilitator. Officers must determine the defendant's or offender's primary underlying issue when deciding what project codes and BOC are appropriate. The district may specify which manualized CBT curriculum is to be used. Groups may be closed or have rolling admission.

Referrals should include the client's relevant background information, including an offender's presentence report or a defendant's pretrial services report, and any other information deemed necessary for effective service delivery.

Vendor requirements include background statements, staff qualifications and restrictions (as detailed in the statement of work), co-payments, reporting of no shows, defendant/offender records, disclosure requirements, chronological records, case staffing, vendor reports, vendor testimony, and monitoring. Despite this service operating as a fixed curriculum, it is considered severable based on the fact that the defendant/offender is receiving a benefit from each session taught. The service should be invoiced monthly based on the number of sessions attended for that month. Units should be broken down according to the time involved for each session.

The probation form 45 / program plan should be attached to the contract document, e.g. purchase order, contract award or purchase card obligating document. The probation form 45 does not replace the obligating document. The program plan identifies vendor services to be provided to the client and billed to the government under the terms of this contract document. The plan may contain amendments. Including a client's educational and employment history in the referral is sufficient.

USPO/USPSO prepares the probation form 45 during or immediately after any case staffing conferences. The probation form 45 along with the contract document authorizes the vendor to provide services to the client. The USPO/USPSO shall modify the contract and amend the probation form 45 when changing the services the vendor is performing, including the frequency and co-payment amounts.

(f) Statement of Work

The CO should insert the following project code description, vendor requirements, SOW and deliverables for the respective project code - the portion of the description below that is enclosed in quotation marks - in each solicitation and the resulting purchase order, BPA call or contract award.

“Statement of Work - The vendor shall provide manualized cognitive behavioral group led by a trained facilitator as defined below. The groups shall offer a structured approach to a specific component of an intervention plan and address the criminal thinking component of a client. Curriculum materials should: contain opportunities to practice newly learned behavior; include an articulated theory and evidence supporting its effectiveness with offenders; be consistent with underlying theory; should be supported by research or evidence of effectiveness; and should employ multiple strategies proven to be effective in teaching prosocial skills to offenders; and should be grounded in behavioral, social learning and cognitive approaches. Examples of this type of group are Moral Reconciliation Therapy and Thinking for a Change, Problem Solving Skills in Action, Choices and Changes, and The Change Companies. Groups may also include a structured contingency management system to encourage participation, reward timeliness etc. See Administrative Fee, Project Code 3501.

This service is provided by licensed/certified/credentialed individuals who possess the recognized credentials/qualifications of, and fulfills the standards of practice established by his/her professional regulatory body for the purpose of that field. The employer should have appropriate licenses and certifications so that staff qualifications may apply.

The vendor shall ensure:

Vendors may secure certification in the curriculum post-award but before services commence. The completion of such training shall be documented. A trained facilitator shall not be required to have clinical oversight.**
- Practitioners prepare treatment plans that include (1) short and long-term measurable goals and objectives the clients will be attempting to achieve; (2) type and frequency of services to be received; (3) specific criteria for program completion and the anticipated time-frame; and (4) no less than every 90 days documentation of treatment plan review (including client input) documenting continued need for treatment. The plan shall include information on family and significant other involvement (community support programs, etc.). Note: treatment plan shall be attached to the monthly progress report provided to the USPO/USPSO after every revision but at least every 90 days;**
- Only face-to-face contacts between practitioner and clients (or family) are invoiced;**

- That the vendor contacts the USPO/USPSO within 24 hours if the client fails to report for appointments or fails to participate, and that any such conduct is documented in writing to the USPO/USPSO.**

The client's signature is required before releasing any information regarding the client or the defendant's/offender's services and progress to the USPO/USPSO. The vendor shall obtain the client's and USPO/USPSO's signature prior to the client's first appointment with the service/treatment provider. The authorization to release confidential information shall be captured on the Probation Form 11G and/or PSA Form 6.

Below are the vendor's staff requirements and restrictions. Failure to comply with the terms and conditions below could result in termination of this contract.

- Be current and available for review by the USPO/USPSO or designee and by the Probation and Pretrial Services Office (PPSO) at the Administrative Office.
- Chronological notes shall be legible and up to date

The government agrees to provide any necessary consent forms that the federal government or federal, state or local law requires for information the probation or pretrial services officer would seek from the vendor (e.g., Probation Form 11G and/or PSA Form 6). The vendor shall ensure that all persons having access to or custody of client records follow the disclosure and confidentiality requirements of this contract and all applicable state and federal law. The vendor shall notify USPO/USPSO immediately upon receipt of legal process requiring disclosure of client records.

The vendor shall not disclose “pretrial services information” concerning pretrial services clients. “Pretrial services information,” as defined by the “Pretrial Services Confidentiality Regulations,” is “any information, whether recorded or not, that is obtained or developed by a pretrial services officer (or a probation officer performing pretrial services duties) in the course of performing pretrial services.” Pretrial Services Confidentiality Regulations, §2A.

Generally, any information developed by an officer performing pretrial services that is shared with the vendor will be confidential pretrial services information. Only a judicial officer or a Chief USPO/USPSO may authorize disclosure of pretrial services information to a third party pursuant to the Pretrial Services Confidentiality Regulations. Any doubts about whether a potential disclosure concerns pretrial services information must be resolved by consultation with the USPO/USPSO.

The vendor and its subcontractors are authorized to access criminal history information available in pretrial services or probation records that have been provided by the USPO/USPSO. This information is provided solely for the purpose of providing services under this contract. Any unauthorized re-disclosure of this information may result in the termination of this contract.

The price of case staffing conferences and consultations are included in the unit prices listed in each project code description. Upon USPO/USPSO referral of a client to the vendor, the vendor shall consult and meet as requested by the USPO/USPSO.

Vendor reports shall include specific/measurable goals and objectives with target completion dates that are periodically reviewed. The reports should provide a written recommendation as to whether or not a client's vocational services shall be continued or terminated. If the vendor recommends service termination, the vendor shall provide a reason for this recommendation in the written report (i.e., whether the client responded to vocational treatment/service and is no longer in need of services, or whether the client failed to respond to program interventions).
